

Kubota 4 in 1 buckets

Designed and built to:

- Scoop and lift materials
- Bulldoze, grapple and lift objects
- Dig out materials
- Back-drag a surface
- Dump materials.

L2245 illustrated here

These buckets feature a pre-drilled bucket edge to allow installation of an optional bolt on cutting edge, shielded cylinders, and greasable pins. The 3rd function hydraulics and skid steer coupler are required, if not already installed on loader.
